

STATEMENT OF PURPOSE

RS23317

The purpose of this legislation is to place language in Idaho Code that will provide a mechanism to recover the cost of relocating telecommunication facilities. Additionally, this legislation sets forth the amount to be recovered and a description of how it would be calculated.

FISCAL NOTE

There is no fiscal impact on the state general fund. It is anticipated that some costs and savings may result from this policy but it will be de minimus to the public and private users of the utility facilities.
